Trott Griffith and little son, of Yorkington, visited at Billy Long's Friday.

Rev. J. D. Hocker filed his regular appointments here Saturday and Sunday.

Theo. Helm, Will Newman and Blon Mowley are said to have the finest tobacco crop in this county.

Prof. V. M. Mowley has accepted the position as principal of Gundersville high school and will begin the work sometime in August.

Mrs. Dolly Jett returned from Henderson this week. Dolly and her sister Ida will teach in Henderson county the coming fall and winter.

Mrs. Thomas Jett who has been confined by her home for six months on account of sickness, was able to visit Mrs. Mowley and Mrs. Brown last week.

Some thirty wheat is not as good as farmers thought. Since it has been cut it is found that it is very light and the grain has diminished one-half in size.

Prof. Wheeler, of Ram, Ind., has applied for the school here. Our school is in a sorrowful condition and needs just such a teacher as Wheeler to bring it back to what it was.

The farmers are all up with their crops and with plenty of rain from now on the crops and grain will be well hereabouts. They are busy stacking their grain, and as the wheat of the threshers is heard in the distance they are looking forward to the time when they will be able to take their own wheat to the mill and not have to buy bread as most of them have done for the last eight months. Surely a good time and plenty is right upon us.

The superintendent and teachers of the Sunday School here made arrangements for a Children's Day to take place the fourth Saturday in July. Every thing will be done to make it a success in every particular. Y. M. Mowley will superintend the children in preparing

WAR.

"Now whichever stand or fall,
As God is great, and man is small,
The truth shall triumph over all!
For ever and forevermore, the truth shall triumph over all!"

"I see the champion sword strikes flash;
I see them fall and hear them clash;
I hear the murderous engines crash;
I see a brother stop to lose a brother's bloody ash.

"I see the torn and mangled ones,
The dead and dying lying in scores.
The headless rider by his horse,
The wounded captive bayoneted through and through without remorse.

"I hear the dying sufferer cry,
With his crucified face turned to the sky;
I see him crawl in agony
To the foot pool, and hear his head into the bloody slime, and die.

"I hear the curses and the thanks;
I see the mad charge on the flanks;
The rents, the gaps, the broken ranks,
The vanquished squadrons driven headlong down the river's bridgeless banks.

"I see the death grips on the plain,
The grappling monsters on the main,
The tens of thousands that are slain,
And all the speechless suffering and sunny of heart and brain.

"I see the dark and bloody spots,
The crowded rooms and crowded cots,
The bleaching bones, the little bits,
And writ on many a nameless grave, a legend of fuge-me note."

FARMER PHILLIPS' PATRIOTISM.

The little brick church in the hollow was a very pretentious building, as was also the paragon in the adjoining lot, but certainly the new minister was far from unpretentious; at least so determined the congregation of the little brick church.

"He wears a mighty fine coat for a country preacher," said Farmer Phillips, "and I heard he got a deal of his scholastic in foreign parts."

"Yes," explained Miss Fannie Morris, the daughter of the rich miller, "he is highly educated. They say he writes essays and things and that he asked as a favor to be assigned to a country church."

"His hands is powerful white for a man," said Mrs. Phillips.

"I don't see how it is doing to live on the limited salary paid the minister of the brick church and the collections!" cried Miss Morris.

"Oh, he'll manage for to live," said Farmer Phillips dryly.

"His hands is powerful white for a man," repeated Mrs. Phillips.

A week later Farmer Phillips brought the following bit of news to his home-hold:

"Miss Fannie has settled that matter of the new preacher's wages. She's making arrangements for a big festival over yander in the woods."

"A woods festival for the brick church?" exclaimed Mrs. Phillips.

Farmer Phillips chuckled. "It's to take place on the Fourth of July," he said.

"Is the new preacher in for it?" asked Mrs. Phillips.

"Well, I dunno as I see any particular in it," said Farmer Phillips.

"I'm always in for celebrating the Fourth," he looked his wife straight in the face. "Yes, I am in for it, sir."

As he said, "I've been in for it since I was a boy, and I'll be in for it as long as I live."

But it took Miss Fannie's own personal eloquence to convince Farmer Phillips not only to believe that there would be no harm in celebrating for the country and the church on the same day, but to promise to lend her help by the preparation of a plentiful basket for the festival.

"The new minister is a first-rate speaker," said Miss Morris.

"We ought to be delighted to have such a scholar at the brick church, but we cannot afford to double the collections. If Mr. Peyton can't live, why, he's going to leave."

"We have a festival and a fair, conducted satisfactorily, we're all right."

The excitement caused by the word "fair" added to the words "festival" was intense, but Miss Fannie's arguments were forcible and times were hard. Although more than one member of the congregation expressed mild doubts in regard to the right of the question it was amicably decided to mix the church affairs and the celebration of the glorious Fourth.

"I'm feared," said Mrs. Phillips, smiling pleasantly, "that we are going to have the biggest kind of a show over yander in the woods. I've given 'em some other things that have been in the bureau drawer for seven years."

Even old Mr. Phillips was excited over the prospect of the woods festival. Early on the morning of the Fourth the old lady's chair was placed at the front parlor window and Farmer Phillips himself directed her gaze to that point in the road where she could catch a glimpse of the passing show.

"I don't tell me that thing is for the brick church festival," screamed the old lady.

"It's the Fourth of July, mother," said Farmer Phillips in a mollifying voice. "There ain't nothing wrong in celebrating for the country and the church on the same day."

"I s'pose it's all right if you say so, William," said the old lady.

"Miss Fannie's a good gal, I'm sure, and the new preacher didn't stop it when it drove a nail in the paragon."

When Farmer Phillips turned the two gray horses into the pile, he said to Mrs. Phillips: "Yes, I'm in for celebrating the Fourth of July. Nobin ain't no good for the Fourth of July, but it's a bad idea at all for to help the new preacher along while we're celebrating."

"Law," cried Mrs. Phillips blissfully, "I'm feared on my soul the woods looks like a circus."

The woods were indeed, gay in the extreme. Strips of bunting were fastened from tree to tree. Everywhere there were brilliant paper lanterns, and everywhere there were flags.

"A man feels good on the Fourth of July," said Farmer Phillips, smiling about him. "I'm glad, sir, that you fixed up a fine basket for the preacher."

It is impossible to remember all the wonderful things that Miss Fannie's ingenuity managed to gather together at the woods festival, but it is no mistake to say that the principal attraction on the grounds was at Miss Fannie's own table. Walking up and down the fancy table with deliberation was a diminutive clown.

The clown's gay little legs, his brilliant headpiece, his hideous false hair, were all in turn attractive, but it was the clown's witty tongue that brought the crowd and the pennies to the fancy table.

"Now he's a-perdinner he's a old bayonet," explained an admirer of the diminutive clown, "he's a smart one, Harkey, who just backed out the crowd. Now he's a city gentleman. Look how he's a-bowling him down, Lawd, if he ain't markin' the new preacher."

"Miss Fannie wasn't countin' on the new minister's coming to her, was she?" asked Farmer Phillips.

"She was counting on the new minister's coming to her, was she?" asked Farmer Phillips.

There was considerable commotion on the fair grounds when Farmer Phillips returned to the region of the fancy table. Evidently the evening was breaking up. Here and there lights were going out suddenly, and the gathering of large families was proving, in many cases, a difficult undertaking. He found Mrs. Phillips seated in the wagon, holding the reins. Beside her was the figure of no less a personage than Willie, the clown.

"Jump in quick, William," shouted the good woman, "the horses is rocking the wagon, and the new minister is in the crowd."

"I'm taking him home for mother to see. I never set eyes on such a funny little fellow in all my born days. Well, the preacher won't have no cause for quarrel over the proceeds of the woods festival. It certainly has been a very enjoyable Fourth."

Farmer Phillips granted, climbed into the wagon and took possession of the diminutive clown and explained: "I'm taking him home for mother to see. I never set eyes on such a funny little fellow in all my born days. Well, the preacher won't have no cause for quarrel over the proceeds of the woods festival. hope no worse up, for 't' certainly 's' no worse up to see."

Farmer Phillips' docility remained with him as long as they were traveling along the pile with vehicles behind and behind them, but when they turned into the lane it deserted him and he brought his horses to a standstill.

"There ain't no harm in celebrating for the brick church and for the Fourth of July at all," he declared, bracing his hand for patriotism, a powerful hand for patriotism, but I low that no man can rightly love his country and be without love in his heart for his fellow man. I low that no true American citizen can take pleasure in seeing a little human child turned into a buffoon on the Fourth of July."

costume and then a full cloth continuing against Farmer Phillips.

"He's a mighty pretty little fellow," murmured Mrs. Phillips. She took possession of the empty basket and climbed out of the wagon when they reached the gate, but he stood at the gate and waited for her husband to follow after her with the sleeping boy.

She looked at the child as they stepped upon the porch together. "He's a mighty pretty little fellow," she repeated. "I reckon no mother'd be glad to see him when he gets awake. I'm sorry that I promised to hand him over to the mill early in the mornin'. I reckon, William," she added nervously, "as when clown faints out Miss Fannie a power of money."

"I'll settle with Miss Fannie," said Farmer Phillips, gazing down fondly at his fellow man. "He's never able to be a clown again," he added. "If he gets to know any one, he's to be given a first rate spanking, mind. This here little fellow is adopted for the time, sir."

"Laws, William, is that true?" questioned Mrs. Phillips, the looked again at the sleeping child, but suddenly and kissed the pretty face, and as she did so the patriotism of Farmer Phillips sank into her soul.—Washington Star.

MANY THANKS! when the Creator said to woman, "In sorrow shalt thou bring forth children," that a curse was pronounced against the human race, and the joy felt by every Mother when she first presses to her breast her babe, proves the contrary.

Danger and suffering lurk in the pathway of the Expectant Mother, and should be avoided, that she may reach the hour when the hope of her heart is to be realized, in full vigor and strength.

MOTHER'S FRIEND so relaxes the system and assists nature that the necessary change takes place without pain, nervous or gloomy foreboding of danger, and the necessary change takes place without pain, nervous or gloomy foreboding of danger, and the necessary change takes place without pain, nervous or gloomy foreboding of danger.

trying hour is robbed of its pain and suffering, as so many happy mothers have experienced. Nothing but "Mother's Friend" does this. Don't be deceived or persuaded to use anything else.

"Mother's Friend" is the greatest remedy ever known for the relief of women in all stages of pregnancy. It is a safe, reliable, and effective remedy for all women in all stages of pregnancy. It is a safe, reliable, and effective remedy for all women in all stages of pregnancy.

once Brandenburg girl, Miss Marcella Ashcraft, is meeting with great success in her line of work. I had a "howdy" from our clever drummer, Dave Henry, but did not see his other half. I met old friends I had not seen since childhood, for instance Della Dittler, and to think how the past came up! How the bursts of merriment stole over! How the gales of thought were wafted! But the present is with us which we enjoyed to the fullest.

That we render him our best wishes for his future success in the field to which he has been called.

That we recognize in Prof. Logan an instructor of more than ordinary ability and extend to him our thanks for the kind, pains taking, and earnest manner in which he has labored for our advancement during our stay with him. And shall be pleased to have him remain with us.

That we promise to such assistance as is in our power in upholding the interests of the B. N. C.

One of the prettiest and least ostentatious wedding of recent date was that of Miss Ellen McGee and Mr. McVitt at the Baptist church. The bride a prima prima, becoming, and stylishly attired in a traveling costume. Two little flower girls, in the person of little Lela Lewis and Bessie Wetherell, preceded the couple to the altar where Bro. Lewis in the most impressive ceremony, made them man and wife. They repaired immediately to the depot where their host of friends crowded around offering congratulations and kind words of rejoicing for their future happiness and of sadness at their going so far from loved ones. They left for Louisville and from thence, by the way of Cairo, to their future home in Abbeville, Miss.

May their life be one long sweet day of bliss in his heartfelt wish.—Irvington Correspondence News.

Liver Trouble

When the yellow flag of quarantine is hoisted over a dwelling it means disease and danger. So when the yellow flag flies in the face—when the cheek is sallow and the clear white of the eye is dyed saffron—there is danger. It is liver trouble. The liver is one of the most important organs of the body. On the proper discharge of its functions depend human health and happiness. When the liver fails in its duty, poisons at once begin to generate, and other organs of the body become involved. Never neglect the liver if you value health. If you are suffering from liver trouble, begin at once the use of AYER'S PILLS and you will find prompt relief and permanent cure.

"I was so weakened by liver trouble that I could scarcely lift my head. While on this medicine I began the use of Ayer's Pills and feeling almost immediately better, continued their use until I was cured of my complaint."
